PROCEDURES

Official Use

Official use is when an employee or volunteer is using social media as a representative of BKS with permission from BKS Management. Educators will require formal permission from their Kindergarten Services Manager, to represent their particular service. Educators will have a responsibility to ensure that their social media is maintained, and that best practice is in place. BKS Central Support staff will require permission from the Managing Director, to represent BKS through BKS's accounts. All BKS staff must ensure that they operate within guidelines outlined in BKS's Child Safe, Code of Conduct and Privacy Policy.

BKS Facebook Page

A closed Facebook page will be established for staff only and administrated by BKS Central Support for the purposes of staff sharing ideas and information. BKS staff are encouraged to engage in social media to enhance professional learning and practice however they must adhere to guidance about its use to ensure the benefits of social media are maximised, while protecting BKS's public reputation and that of its employees and the privacy of the children and their families using BKS services. It's important to maintain a balance between encouraging discussion and information sharing and

maintaining a professional and appropriate online/public presence. When exchanging opinions staff must identify this as an opinion and refrain from criticising or arguing with the opinion of colleagues.

Staff may post fun or personal-interest messages on the BKS Staff Facebook page and staff are encouraged to contribute to discussions and share information. Please also consider:

- Staff use of the BKS Facebook page must not interfere with the performance of work duties
- Staff should be mindful that posts may be read by people from a variety of backgrounds who may not share the same sense of humor, and
- Staff must not use social media to publicly complain about their employment, as the appropriate process for resolving such complaints are through discussions with the Manager, or via BKSs internal dispute or complaints resolution mechanisms.

Personal Use

Personal use is when an employee, volunteer, or parent is using social media as themselves, not officially representing BKS as an organisation, but identifying themselves as being associated with BKS on their own profiles, posts, blogs, etc. Posts of this nature must also comply with the guidelines outlined in BKS's Child Safe, Code of Conduct and Privacy Policy.
